

A Happy 2007 Christmas ..

~ These following sheets use tinsel as a collage material ~
Touch, feel, move and cut it into lengths to decorate the pictures.

What else can tinsel do ?

It can tickle your nose

Make halos !

It reflects the light when something shines on it.

It wraps around waists, ankles, and wrists to make belts, bracelets and anklets.

It makes a long sparkly tail when tucked into a waistband !

You can hang pictures from it with pegs !

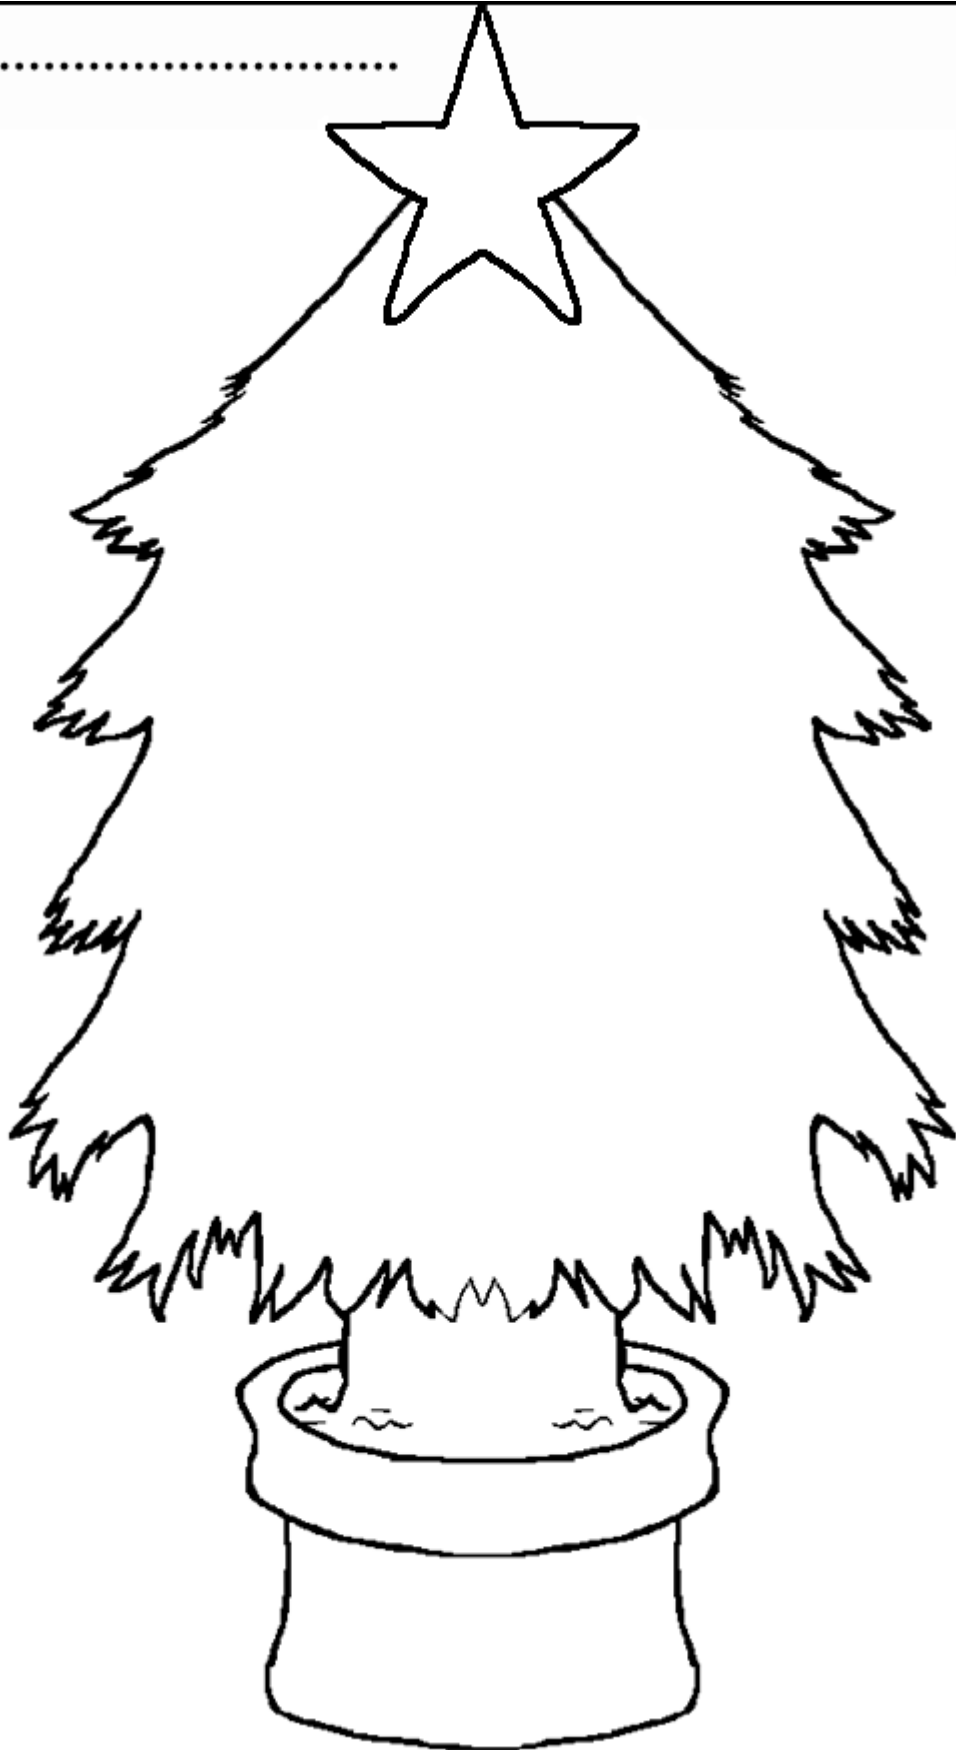

Tied with jingle bells it makes dancing ankle bands.

It can decorate the edges of a basket full of other sparkly tinsel pieces !!

Name.....

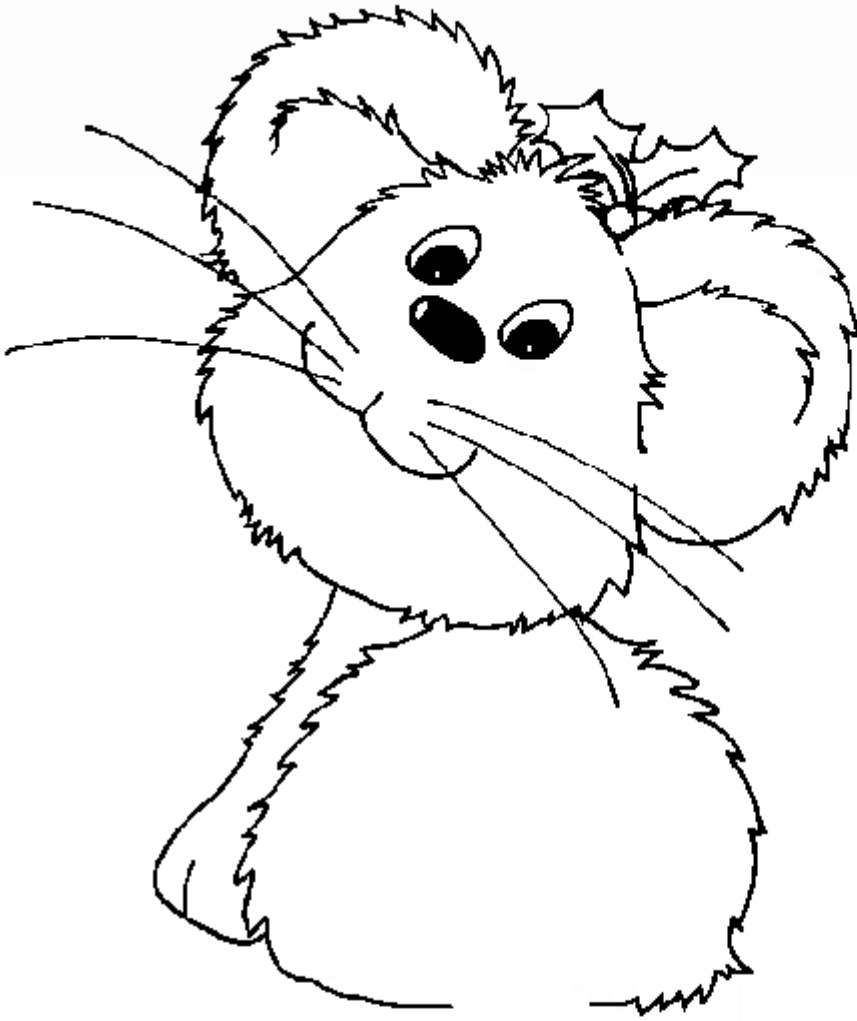

What colour tinsel are you going to put on this tree?

Name.....

Bear is getting ready to put up some tinsel .. but where's it gone ??!

Name.....

Mouse is looking for a long tinselly tail. What can you find for him ?
