To make the ROBIN

Print all the templates and cut out in the right coloured card.

Brown head & body

Yellow Beak

Red Tummy

- Fold the beak in half and carefully glue to the head in a curved position.
- *This will make it stick out and appear 3D.*

Make your own facial features -

- Make a hole in the top part of the body ~ where marked on the template.
- Tie through a short length of string so that you can hang the robin once finished.

- Attach the head to the top of the body with a section of the Double sided sticky pad.
- Stick the red tummy piece to the front of the Robin.
- Using another double sided sticky pad attach the decorated Chocolate to the front of the Robin's red tummy .
- *You May find it easier to wrap the Foil chocolate in a layer of Plastic food wrap – too prevent the foil from ripping.*

- Fold the wings over and with a small piece of tape position them so that they are 'holding the present !
