

Whipped Snow & Snowmen

Also known as Clean Mud!

Tactile, hands on messy activity to explore sculpting, modelling and application techniques.

Use descriptive language and discover the properties of soap as a cleaning tool and as a craft material !!

You Will Need:

- Bar of Soap
- Grater
- Loo roll
- Water
- Junk modelling pots
- Glitter - surface collage materials
- Facial Features ~ Cranberries and Carrots

How to make:

Grate the soap into a bowl ~ Rip and tear the paper into pieces and add to the soap.

Pour in a small glass full of water and mix ~ add more water/paper as required.

Mix to a creamy 'paste' and apply to the tubs to make your sculptures!

Push in your chosen collage materials to build facial/body features.
