For the Card

One printout of the main card onto white card ~ Copy the Heart templates
Red & Pink felt fabric ~ Sharp knife ~ PVA glue

How to make the Card

- ♥ Print out the card with the wording of your choice.
- ♥ With a sharp knife score both horizontal lines.

- ♥ Gently slot the pen through the two slits.
- ♥ Cut 1 large heart from red felt and 1 small heart from pink.
- ♥ Glue to the top of the slits.

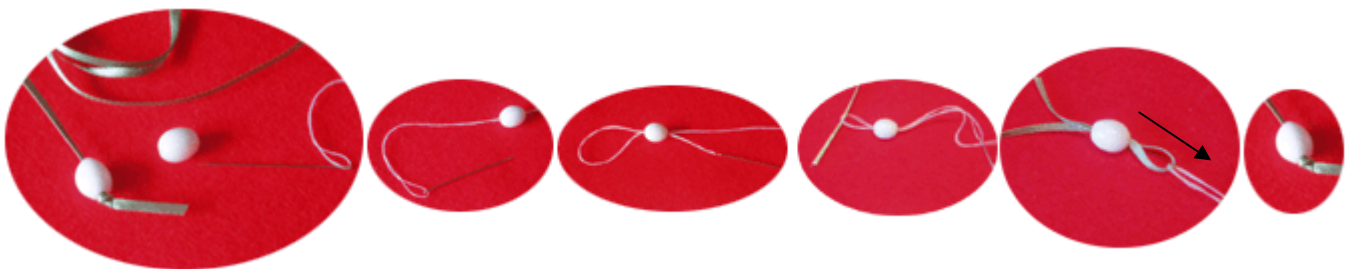

- ♥ Wherever possible ask the children to write their names on the card with the pencil before slotting it into the card!
- ♥ For the younger children use the plain card and take a painted handprint as their 'signature'.

How to make the pencil

- ♥ Display all the materials that you will use to make the cards and talk to the children about each ones purpose and reason for choice.
- ♥ Let the Children choose their own 'wrapping medium ... this could be the strips of tissue paper or Satin ribbon ~ do they know what colour their mum would like?
- ♥ Sharpen the pencil and make sure the lead is secure and not dangerously pointed !
- ♥ Secure one end of the wrap to top of the pencil with sticky tape.
- ♥ Slowly wind it around the pencil as tightly as possible and fasten off at the bottom with some more sticky tape.
- ♥ Thread a bead onto each end of a length of ribbon ~ this could be done before hand if wished !
- ♥ Knot it to the top of the pencil so that the beads dangle.

Easy guide to threading a bead with 3mm Satin Ribbon !
