# Let's talk .....

Display the Catalogue and other gift pictures on the activity table along with your Left & right handed scissors.

Show the children the Christmas stockings and explain that they are for holding the cut out pictures that they have talked about.

The children have probably already been asked 'What they would like for Christmas' So you can build on this by asking what the child had asked for.

**Find out why they like that particular toy ~**

Does it do something special ?

Is it a favourite colour, shape or texture?

**Can they find a picture of it inside the books?**

**What will they do with it if they get it?**

Ride it, colour it, cuddle it , play with it ?

**What is it made of ?**

Plastic, wood, fabric ?
