

# Five Hairy Spiders

Copyright RuthGrimes2005

5 hairy spiders sitting in a web  
Big black bodies swinging on a thread  
Along came..... (child's name)  
With a see through jar  
Caught a hairy spider  
and put it in a car.

## TO MAKE UP...

- Print the web and car background sheet, five jars and 5 spiders.
- To count to or back from 10 – print out as many of the jars and spiders as you want. Just amend the rhyme as necessary.
- Laminate the pieces for durability!

## TO PLAY....

- Pass out the jars to individual children before beginning the rhyme. To make the jars really see through, cut out an area in the centre and cover with clear film wrap.
- After you have said the rhyme together, allow the 'named' child to approach the web ...pretend to catch a hairy spider and using some sticky tac attach it to their jar.
- Let the child carry the jar and spider over to the car background sheet, put the spider on the car – ready for taking somewhere for re-releasing!!
